

SREERAM CHANDRA SEKHAR

+91 9390362372 ◇ Andhra Pradesh, India

sriramsriram3009@gmail.com ◇ [Linkedin](#) ◇ [Leetcode](#)

EDUCATION

National Institute Of Technology, Srinagar

Dec 2020 - Jul 2024

Bachelor Of Technology - Computer Science and Engineering: CGPA: 8.53

Jammu and Kashmir, India

Narayana Junior College, Kadapa

May 2018 - Mar 2020

Intermediate; Percentage: 96.5

Andhra Pradesh, India

Usha Kiran High School, Kadapa

Jun 2017 - Feb 2018

SSC; Percentage: 9.94

Andhra Pradesh, India

SKILLS

Languages

C, C++, Java, Python, HTML, CSS

Database

Database Management (SQL, Oracle)

Technologies

Multithreading, Wireshark, Machine Learning

Software and Tools

Git, GitHub, Basic Selenium

Coursework

DSA, OOPS, DBMS, OS, Computer Networks

EXPERIENCE

Tutor

Jun 2023 - Aug 2023

Programmers Trend

Srinagar, India

- Taught Data Structures and Algorithms in C++ to over 15 students virtually.
- Improved teaching skills and time management.

Web Developer Trainee [Live Project Link](#)

Dec 2022 - Jan 2023

Internshala *Srinagar, India*

- Learned frontend technologies: HTML, CSS, and JavaScript.
- Designed a weather application that fetches real-time data using the OpenWeather API.
- Added functionalities for filtering historical data, unit conversion, and 5-day weather forecasting.

Patent Analyst

Jul 8 2024-Nov 28 2024

Sagacious IP

Gurugram, Haryana

- Worked as a patent analyst, understanding new inventions.
- Drafted patents requiring deep technical skills and domain knowledge.

PROJECTS

Parkinson Disease Progression Prediction

[Live Project Link](#)

- Designed a predictive model for Parkinson's disease utilizing 243+ patient records.
- Optimized performance through 6 regression algorithms and 4 ensemble techniques.
- Achieved 83% R^2 value with 80.74% training and 19.25% testing data.
- Added novel features achieving the best score of 44.29%.

Multithreaded Proxy Server With Cache

[Live Project Link](#)

- Developed a multithreaded proxy server in C using pthreads, semaphores, and mutex locks for efficient concurrent client handling.
- Implemented an LRU-based caching mechanism to optimize response retrieval and reduce server load.
- Managed client-server communication and HTTP request parsing, improving data flow and request handling.
- Ensured synchronization through semaphores to prevent data corruption and handle multiple simultaneous connections.

Sorting Visualizer

[Live Project Link](#)

- Created real-time visualizations for 6 sorting algorithms using C++ and SDL2.
- Focused on interactive UI/UX and event handling for algorithmic illustrations.

ACHIEVEMENTS

- **Leetcode:** Solved 600 problems and earned 5 badges.
- **GeeksforGeeks:** Solved 500+ problems, rating: 1502.
