EXPERIENCE

Junior Developer

Oct 2024 – Dec 2024

Seetaara | Quick Commerce Platform

Remote

- Designed and implemented a **layered monolithic architecture**, reducing system complexity by 50%.
- Developed high-performance REST APIs using **Golang** and **Gorilla Mux**, supporting 1000+ concurrent cart operations with 99.9% uptime.
- Optimized **PostgreSQL** database schema, reducing query execution time by 40% and storage by 30%.
- Built a responsive admin dashboard with **React.js**, **Redux Toolkit**, and **Shadcn UI**, improving order processing efficiency by 35%.

MERN Stack Developer Intern

Feb 2024 – Jun 2024

Pixel Stitch | Fashion Design AI SaaS

Remote

- Migrated backend codebase to **TypeScript**, enhancing maintainability and reducing runtime errors by 30%.
- Redesigned explore and landing pages with **Next.js** and **Tailwind CSS**, boosting user engagement and page load speed by 20%.
- Developed robust user profile features using **Redux Toolkit** with scalable **Node.js** APIs and intuitive frontend UI.
- Built and integrated REST APIs for efficient blog management, fostering community interaction through design sharing and collaboration.

PROJECTS

Social Media Platform | Live Demo | GitHub

- Developed a full-stack social media platform using the **MERN stack**, enabling user management and interactions.
- Designed a dynamic UI with **React.js**, **Material UI** for smooth navigation and engaging user experience.
- Engineered a robust user state management system with **Context API**, utilised **Flux Architecture**.
- Built scalable backend services with **Node.js** and **Express.js**, efficiently managing user interactions.
- Implemented features like post creation, likes, follows, and user search, with data stored in **MongoDB**.

Image Resizer | GitHub

- Created a **Python-based desktop application** for efficient image resizing and image-to-PDF conversion.
- Implemented an **image resizing algorithm** to reduce pixel count while preserving quality.
- Integrated **img2pdf** library for seamless image-to-PDF conversion.
- Designed a user-friendly interface for inputting image size and format preferences.

TECHNICAL SKILLS

Frontend: HTML, CSS, Tailwind CSS, Bootstrap, Shadcn, JavaScript, TypeScript, React, Next.js

Backend: Node.js, Django, Gorilla Mux, Express, RESTful APIs

Databases: MongoDB, PostgreSQL, SQL, NoSQL, Mongoose ODM

Version Control: Git, GitHub

Programming Languages: Python, C, C++, JavaScript, TypeScript, Golang

ACHIEVEMENTS

CodeChef Max Rating **1471**.

LeetCode Max Rating **1540**.

GeeksForGeeks Max Rating **1573**.

Try Hack Me, A Cyber Security Training Platform, **on level 9 with 5090+ points.** [verify](#)

PicoCTF, Capture The Flag challenges **with 4360+ PicoGym Score.** [verify](#)

EDUCATION

Institute of Engineering and Rural Technology

Bachelor of Technology in Computer Science and Engineering, CGPA- 7.4/10

Prayagraj, India

Nov 2021 – May 2025
