Technical Skills

Programming Languages: Java, Python, SQL

Web Technologies: HTML, CSS, JavaScript

Frameworks: RestAPI, SpringBoot, Django

Tools/Platforms: VS Code, Eclipse, GitHub, Postman

Core Concepts: Data Structures and Algorithms, Object-Oriented Programming, Operating Systems, Database Management Systems

Database: MySQL

Education

KIET Group of Institutions (Affiliated to AKTU University)

Nov 2020 - June 2024

Bachelor of Technology in Computer Science and Information Technology

CGPA : 7.62/10

SDSIC Barahara Turna Senior Secondary, Ghazipur

2017 - 2019

Intermediate (12th), PCM, UP Board

Percentage: 70.4%

SSIC Nandganj Higher Secondary, Ghazipur

2016 - 2017

Matric (10th), UP Board

Percentage: 81.33%

Experience

IBM SkillsBuild

June 2023 - August 2023

Frontend Developer Intern

Remote

- Developed and maintained responsive web applications using HTML, JavaScript, and CSS.
- Collaborated with senior developers and received structured mentorship throughout the internship.
- Implemented data visualization solutions for daily test result reporting systems.
- Applied project management methodologies while working on real-world challenges.

Wipro Limited

May 2023 - Sep 2023

Java Developer Intern

Remote

- Developed web applications using Java EE technologies including JSP and JDBC.
- Implemented core Java concepts including OOP, inheritance, polymorphism, and exception handling.
- Optimized database performance and improved data handling efficiency.
- Created maintainable and scalable code following industry best practices.

Projects

E-commerce Website Development | *Python, Django, HTML, CSS, JavaScript, Razorpay API* | [Link](#) **Dec - 2024**

- * Architected and developed a comprehensive e-commerce platform using Django framework with Python backend and responsive frontend.
- * Implemented secure payment processing system through Razorpay gateway integration enabling real-time transactions.
- * Designed and built dynamic shopping cart functionality with automated inventory management.
- * Developed coupon management module supporting multiple discount types and validation rules.

Online Exam Portal | *Java, JSP, JDBC, MySQL* | [Link](#) **Oct - 2023**

- * Developed an efficient online exam platform using JSP, JDBC, and MySQL, featuring customizable tests, instant results.
- * The system features customizable tests, instant results and automated scheduling. Key responsibilities included system architecture, database optimization, and user interface development.

Netflix Clone | *HTML, CSS, JavaScript* | [Link](#) **Aug - 2023**

- * Developed a website to demonstrate my skills and to enhance the learning experience.
- * Utilized the layout to create a UI for the application in order to allow different scenes to interact with each other.

Achievements

- Solved 500+ coding problems on platforms like LeetCode and HackerRank.
- Secured a rank of 2426 in the NCAT (Naukri Campus Aptitude Test).

Certifications

Certificate: Java by Coding Ninjas | [Link](#)

Certificate: Python Programming and Machine Learning | [Link](#)

Certificate: API Developer (Python/Django Rest/Flask/PostgreSQL/Postman) | [Link](#)
