Profile Summary

I am an **experienced** front-end developer with over **3.5 + years** of expertise in creating, captivating user interfaces and seamless user experiences. I continuously enhance my skills in the latest frontend technologies, including **Angular & React**, to stay updated with current trends and advancements.

Experience

SRV Media Pvt. Ltd 2024 (Present Software Developer)

- Led the **design, development, and implementation** of graphics, layouts, and production-ready communication materials, driven by a **strong passion for aesthetics and UI development** to create visually engaging and user-centric experiences.
- Analyzed code and corrected errors to **optimize** output.
- I have **extensive experience** working with frontend code for educational websites, ranging from redesigns to seasonal updates, and ongoing production work.
- Additionally, I have successfully implemented various frontend technical solutions to meet project requirements, including the creation of more than 5 new web pages, as well as **20+ websites**, and **10+ online marketing initiatives**.
- To build all graphic materials in order to ensure **quality** and **accuracy** of the design.
- Reviewed project requirements to identify **customer expectations** and resources needed to meet goals.

SRV Media Pvt. Ltd 2021 Frontend Web Developer - Intern (Oct 2021- Dec 2021)

- Managed up to **5 projects** or tasks at a given time while under pressure.
- Recommended and consulted with clients on the most appropriate graphic design.
- Deliver engaging user experience through **optimization** of images, code, and **cross-browser compatibility**, increasing Time on Page by +30 seconds for +50 websites.
- Built **single page applications (SPA)**, **responsive web design**, **UI** using HTML5 grid layouts, CSS3, media queries.
- Developed and tested user **interfaces** for web applications using HTML, CSS, and JavaScript.
- Collaborated with the design team to create modern, responsive web designs.
- Optimized page loading times by **minifying code** and leveraging caching techniques.
- Provided technical support to end users experiencing issues with the website or application **UI and UX**.
